

DtM Face Shield

Info Sheet

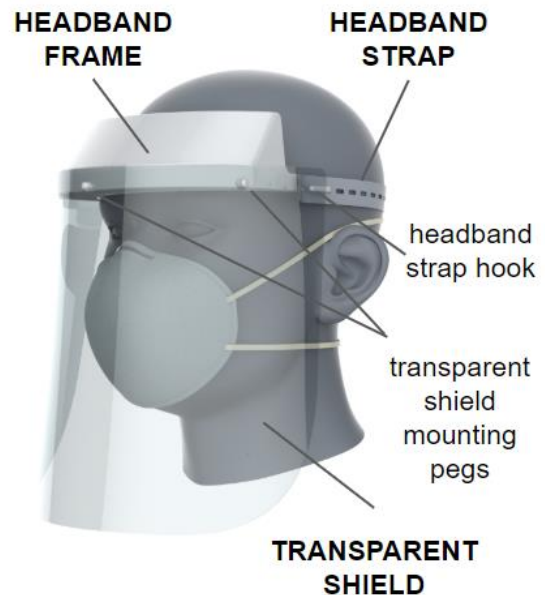

REDUCE THE RISK OF EXPOSURE & PROTECT YOURSELF WITH DtM FACE SHIELD

Tool Gauge is a build-to-print manufacturer of complex metal parts and assemblies. Using our existing expertise and capabilities, we have manufactured a DtM Face Shield in response to the unprecedented shortages in Personal Protective Equipment (PPE).

The DtM Face Shield is comprised of an injection molded polypropylene headband, polycarbonate shield, and an elastic headband strap.

Tool Gauge is offering the DtM Face Shield at our cost using materials on hand or in our supply chain in order to move as rapidly as possible in scaling up production.

Face Shield features

-  **UNIVERSAL FIT:** DtM Face Shield fits most head sizes with an adjustable headband.
-  **FULL LENGTH PROTECTION:** The DtM Face Shield provides 12x8 inch barrier to reduce the limit of infectious aerosol and liquid splatter.
-  **FLEXIBLE CONSTRUCTION:** Made from injection molded polypropylene with mounting pegs, polycarbonate shield, and elastic headband strap with hook.
-  **SCRATCH RESISTANT:** Made from injection molded polypropylene with mounting pegs, polycarbonate shield, and elastic headband strap with hook.
-  **CHEMICALLY RESISTANT:** DtM Face Shield is designed to be reused. Clean the face shield with Super Sani-Cloth, 10% chlorine bleach solution, CaviWipes, or soap and water.
-  **Precision Cut:** DtM Face Shield is designed for consistent fit & finish.
